

## **Cave Springs Fire Dept.**

P.O. Box 58  
Cave Springs, AR. 72718  
Phone 479-248-1177

The Cave Springs Fire Department responded to 52 incidents in June 2017. 192 man hours were utilized for these incidents. Below is breakdown of incidents by type and location:

	Cave Springs	Elm Springs	County	Mutual Aid
EMS	11	12	10	0
Structure Fire	0	0	1	0
Wild land Fire	0	0	2	0
Fire Other	1	0	1	0
Other	4	1	2	7

The Department held its two scheduled meetings in June. There were 18 man-hours of driver training and 34 man hours of SCBA and RIT training.

Daytime personnel conducted some annual hydrant maintenance on roughly 50 hydrants so far. They also conducted 1 annual inspection as well as 2 pre-build consultations.

The department did receive the 4 Self-Contained Breathing apparatus that we ordered. All personnel have received training on this equipment and they have been put into service. We plan to continue to purchase more to replace our obsolete and outdated SCBA's.

The Department did have one major incident during the month. On June 7<sup>th</sup> at approximately 0432 we were dispatched to a commercial structure fire on Haxton Road. On our arrival we found a 22,000 square foot metal building being used for a recycling center fully involved. We went into defensive operations to protect 5 semi-trailers and another building approximately the same size. The involved building was a total loss, however all exposures suffered no damage. The scene was turned over to the Benton County Fire Marshal for investigation. There were no injuries.
